Subject: Provider eBlast: Youth Services Survey
Attachments: QR code flyer.pdf

Tooele County Youth Engagement Project

Optum Tooele County is working to improve child and youth engagement in services. One way we are doing this is by distributing informational flyers throughout the community and to provider offices.

We are attempting to collect data to determine the effectiveness of these flyers by requesting a survey be completed for members 0–17 years old who are new to services. This survey can be completed by the youth or an adult who supports them. We are providing a QR code flyer members can scan to link to the survey.

You can assist this effort in the following ways:

1. Hang a copy of the QR Code flyer in a highly visible spot where it is accessible to members.
2. Encourage members, 0–17 years old or the adults who support them, who are new to services, scan the code and complete the survey.
3. Include a copy of the QR Code flyer in initial appointment paperwork packets sent electronically for members who are 0–17 years old.

Your help is essential to the success of this project and we appreciate your assistance.

If you have any questions, you can contact the Network Team saltlakecounty.networkbox@optum.com, randy.dow@optum.com, john.forbes@optum.com or hailey.conder@optum.com.

Thank you,
Network Management
