

Program Integrity Exclusions Search

April 2023

This document is a "how to" guide for searching the required databases for exclusions for **System for Award Management (SAM) and List of Excluded Individuals Entities (LEIE)**. Before going over the steps, please note the requirements of this process.

- Both databases must be searched monthly, regardless of if you are part of an agency, group, or a single provider.
- Anyone who "touches" Medicaid must be searched. In addition to clinical staff, this includes the following:
 - All staff who provide services
 - Administrators
 - Billing
 - Board of Directors
 - Intake personnel or others who may verify eligibility
 - IT
- Save a copy of all searches completed. The format is up to you, but it is recommended you save this information on your computer. During audits/reviews, these records will be requested.
- If an individual's name shows up on either website, a second level review must be completed by using the individual's Social Security Number or Employee Identification Number. Please complete this second level search through LEIE.
- Once the searches are complete, create an attestation on Agency/Provider letterhead

*If a second level search is conducted, and you are able to verify the excluded individual has the same name but is not the individual associated with your agency, you must continue to complete the second level search monthly to verify the individual remains excluded. If at some point the person associated with your agency is identified as excluded, you must notify Optum immediately.

indicating the outcome of the searches. Save and send in a Word Document or PDF. Do NOT send in the body of an email. A template for the attestation is attached.

- Send the attestation to slcoquality@optum.com or fax to 1.866.588.9583.
- Your attestations will be archived.
- If you have any questions, please contact the Optum Quality Team at slcoquality@optum.com or call 1.877.370.8953.

*If you are uncertain if someone who is associated with your business processes and service delivery needs to be searched for exclusions, please contact Gina Attallah, Compliance and Quality Assurance Director, for clarification.

System for Award Management (SAM):

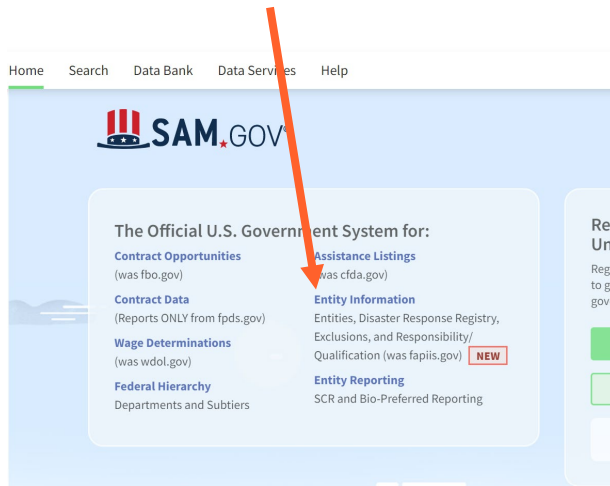

sam.gov/content/home

There are two ways to search:

1. By entering data into a text field (for one individual/entity)
2. By entering multiple individuals into a list then searching

For option 1, follow these instructions:

1. Navigate to sam.gov/content/home website
2. Select “entity information”

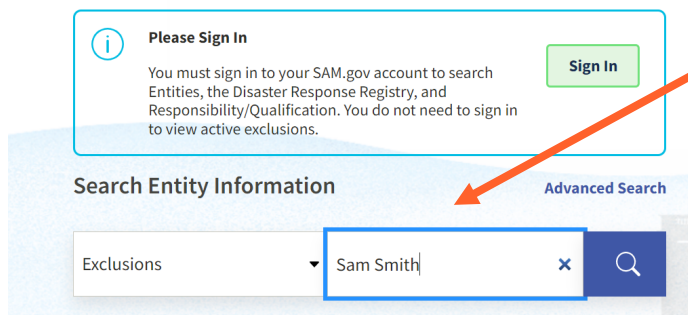

3. This will be the next page that shows up. On this page you will change the drop down to “exclusions” and then enter in the name you are searching:

Entity Information

We are bringing together entity information in one place, including: Entity Registrations, Exclusions, Disaster Response Registry, and Responsibility/Qualification data.

- [Learn how we are connecting information across SAM.gov](#)
- [FAPIS.gov is now Responsibility/Qualification. Learn more.](#) NEW

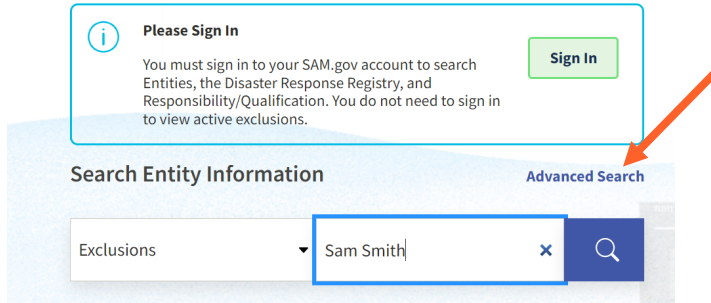

4. You can also use the “advanced search” option:

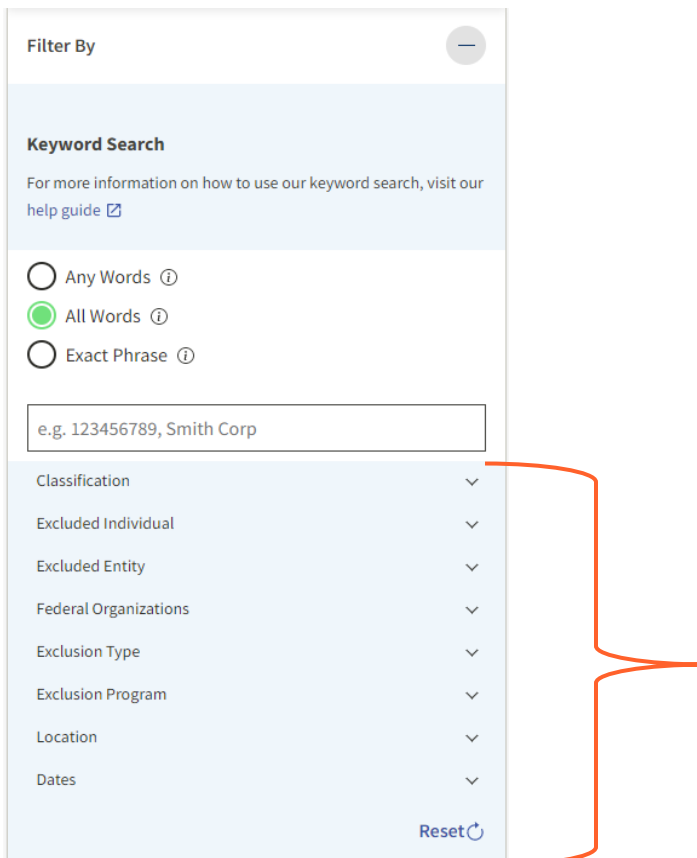

Entity Information

We are bringing together entity information in one place, including: Entity Registrations, Exclusions, Disaster Response Registry, and Responsibility/Qualification data.

- [Learn how we are connecting information across SAM.gov](#)
- [FAPIS.gov is now Responsibility/Qualification. Learn more.](#) **NEW**

5. From here you can filter through a few different options:

6. Enter the name in the keyword box (if you’re using advanced search) or in the Search box near the top of the page. This will produce a results page.

- If the name you are searching **does not appear** on the list, take a screenshot of the results that appear alphabetically before and after the name you are searching. It is helpful if you include the panel on the left in your screenshot, which shows the name you searched (which did not produce a result).
- If the name **does appear** on the page, you want to view exclusion details, select the name again that appears on the results list (the name will appear in blue and is a hyperlink). This will open the full entry for that person.

If a name is found, you can complete a second level search via the Online Searchable Database (with a **Search For An Individual** or **Search For A Single Entity**). After you type in the name, it will pull up another screen with a link on the right side of the page where you can verify the person/entity with a social security number (SSN) or tax ID number (EIN). Be sure to save the results of this search.
